

All dressed up and no place to go...

Fabulous cats available for adoption!

Visit Pet Palace in Hilliard to meet some special cats looking for new homes.

In July 2008, Humane Agents from the Capital Area Humane Society removed nearly 50 cats from one home. Surprise! Ten of the cats promptly delivered kittens at the shelter! It has taken lots of time and resource, but now that the court case has been resolved they are ready for adoption.

The cats range in age, color and personality — so you are sure to find your perfect match. They are accustomed to fraternizing with other cats, but they will make room on their social calendar for you!
